our organic rhythms

Everyone likes to enjoy things when they can and according to their own rhythm. Hartman has anticipated this with its pioneering new mix&match plan: Hartman Organic Rhythms. A surprising collection of garden furniture from durable wickerwork in organic, natural shapes. No-nonsense furniture with pure and transparent radiance in various styles. From Freestyle and Jazz to Ballet or Twist. Choose the style that suits you.

Hartman Organic Twist completely changes the concept of lounges. With comfortable chairs, 2 and 3 seater sofas and separate sitting elements. But also a special coffee table, which can easily be converted into a stool. All Organic Twist furniture is made of 30 mm wickerwork with a unique, open style. The comfortable cushions, as with all Hartman Organic Rhythms lounge cushions, are filled with Quick Dry Foam, which dries quickly after rain.
